

L.U. 141 (ees,i,o,u) Wheeling, WV – Greetings, Brothers and Sisters. We currently have 17 members on Book 1, and have gone through Book 2 to fill calls. Thank you to all of our travelling brothers and sisters that are helping Local 141 to man our work.

Local 141 would like to highlight the career of retired Business Manager Thomas Conner. Brother Conner began his career as an Inside Wireman Apprentice in 1986, and completed his apprenticeship in 1990. As a young Journeyman Wireman, "T.C." immediately began serving as an officer of Local 141 by sitting on the Examining Board. He served on the Examining Board until being elected as Recording Secretary in 1993. He held this role until 2005, and also served as Training Director for the local from 1999 to 2014.

Brother Conner further deepened his commitment to Local 141 by being elected as Local Union President in 2005. He served as president until 2014, when he won a contested election for Business Manager. He then served three consecutive terms as Business Manager until his retirement from the local in September of this year with 36 years of service to Local 141.

IBEW Local 141 wishes Brother Conner a long and healthy retirement!
